

## **Cleaning Instructions** **Self-Adhesive Smart Film**

**Please use alcohol spray and microfiber cloth only!!!**

- Do not use any material that may scratch or damage the smart film.
- Do not clean the smart film with water.
- Water will cause de-coloration of the Self-Adhesive Smart Film

**IMPORTANT:** The warranty does not cover any defects or damages caused by water.

You may consider sealing the Self-Adhesive Smart Film edges with a **Certified Silicone** (See below) to provide additional protection from water leakages.

**Certified silicone:**

Toshiba 83/381; Dow Corning 791, 795, 995,1199.  
We offer Toshiba 83/381.
