PDLC SMART FILM · WHITE LABEL

FILM INSTALLER PARTNER PROGRAM

Smart Films International is a global manufacturer of PDLC smart film. We bring over two decades of experience in development, production and large-scale projects.
We support a worldwide network of installers who deliver premium privacy solutions to commercial and architectural clients.

Our program gives you more than film. You get the products, tools and support to sell smart film under your own brand.
Add a high-value product to your film business with no minimum order and 7-day door-to-door delivery.

Here is what the program includes, our product range and the tools that help you close more projects.

BUSINESS FRAMEWORK

- End-to-end supply of smart film and accessories
- Partner pricing that protects your margins
- Door-to-door delivery to your project site
- Leads allocated within your territory
- Full access to marketing assets and sales tools
- Early access to new products
